

Student Login Information for Google Classroom

If your student is using a JSD Chromebook, sign in as follows:

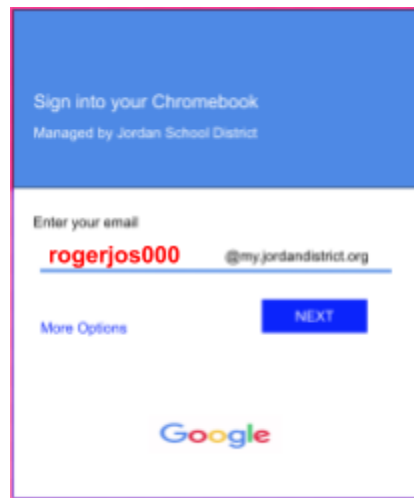

Open the Chromebook. You will see a signin window.

Enter your student's namekey

The namekey is the portion before the @ sign in your student's email.

For example, we will use a student named Joshua Rogers:

- Josh's email address is **rogerjos000@my.jordandistrict.org**
- Josh's namekey is **rogerjos000**(namekey)
- Josh's email address is on Skyward
It consists of the first 5 letters of last name, 3 letters of the first name, and 3 numbers)
- Press the "Next" button

You may see a user agreement.

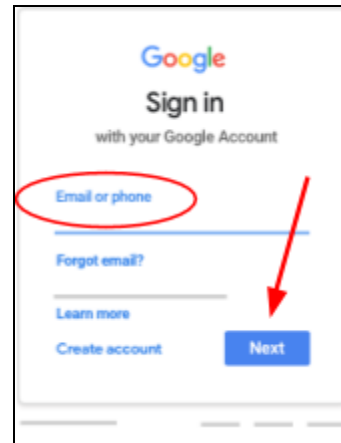

If so, click on Agree.

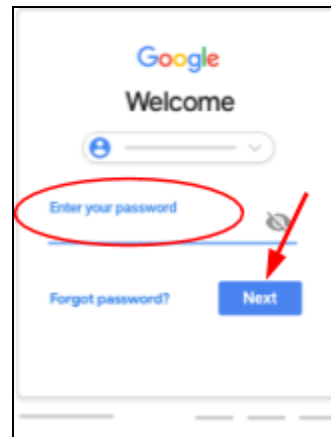

If your student is using a Mac or PC, use the following instructions:

1. Open a browser such as Internet Explorer, Chrome, Safari.
2. Go to classroom.google.com
3. Enter your email address.
4. Click Next.

If student is using a Chromebook, follow steps 2-4.

5. Enter your password and click Next.
Your password is your lunch number.

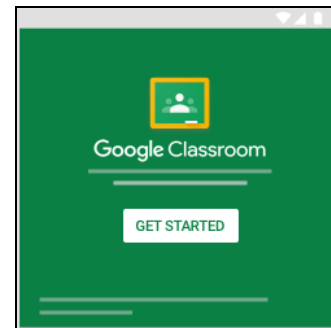

6. If there is a welcome message, read it and click **Accept**.

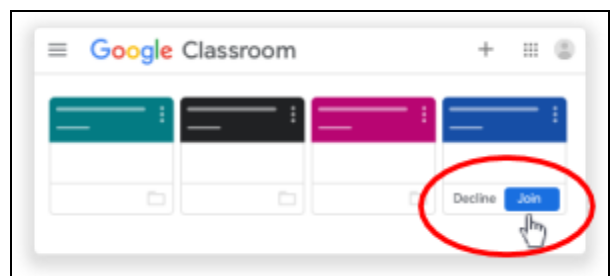

7. If a student has not used Google Classroom before, they will be prompted to choose **I'm A Student**.

8. First time users may see a Get Started window. Next you will enter your Google Classroom.

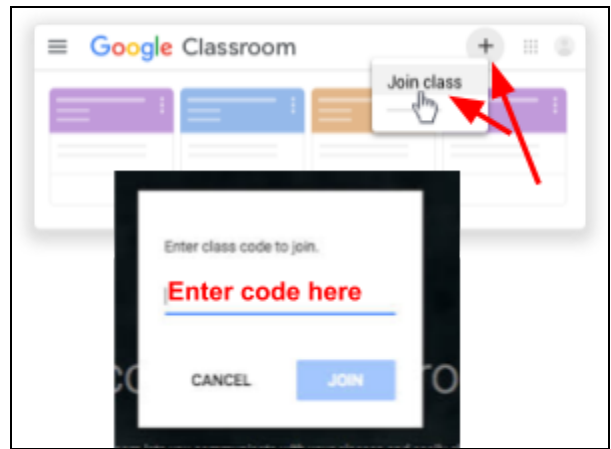

9. Your teacher may have already added you to the Google Classroom. If so, you will see the class card. Click Join.

10. The other method to enter your class is to use a code. Your teacher may provide you with a code to join the class. If so:

- a. Click the + sign
- b. Click **Join class**
- c. Enter the code

11. You may see one or more classes such as Math, Language Arts, Science, etc.

Click on a class to see your assignments, notes from your teacher, resources, and more.
